Cut a decorative piece of lace and glue to the center front.

Carter Belt . ...project...p

Begin with a 4" strip of lace edging. Gather the center. About 1/2" from the center, gather again, creating a "cup." Do this again on the opposite side, 1/4" from the center.

## Jew Petro! Brassler

Cut an additional piece of lace edging and fill in the lower section. Add back straps with an "S' hook and loop, and then add the straps.

To create the simple version of the garter belt, trace pattern to fabric, cut out, edge with pieces of ribbon, and add a decorative bow to each end.

The bra is completed the same.

See finished picture.
